Subject: IDEX Health & Science LLC, IDEX Health and Science KK, and thinXXS Microtechnology GmbH, Carbon Reduction Commitments

Dear Valued Customer,

At IDEX Health & Science LLC, IDEX Health and Science KK, and thinXXS Microtechnology GmbH, we are dedicated to sustainability and recognize the importance of taking proactive measures to protect the environment.

In addition, to the publicly stated goal that our parent company, IDEX Corporation, has made, we are committed to reducing our absolute Scope 1 and Scope 2 emissions by a minimum of 30% by 2029 with a baseline year of 2022. We aim to do this largely through process optimization and by acquiring renewable energy, among other efforts.

Beyond these commitments, we recognize the importance of transparent reporting and accountability. Therefore, we will continue to regularly report our progress on our emissions reduction efforts to our stakeholders, ensuring transparency and demonstrating our commitment to sustainability. Any inquiries about this please contact IHSCompliance@idexcorp.com.

Sincerely,

Kelly Miller
President, IDEX Health & Sciences

Year*	Scope 1 Emissions (MtCO ₂ e) M = Metric Tons	Scope 2 Emissions-LB** (MtCO ₂ e) M = Metric Tons	Scope 2 Emissions-MB** (MtCO ₂ e) M = Metric Tons	Total Emissions (MtCO ₂ e) M = Metric Tons	Reduction from Baseline***
2022	932	3466	3344	4276	-
2023	752	3196	3083	3835	10%
2024	678	2827	2638	3316	23%
2025	670	2655	2769	3439	20%

*2022-2025 emissions data has been recalculated to include thinXXS to ensure year over year comparability

**LB – Location based, MB – Market based

***Progress against the baseline year is now evaluated based on combined Scope 1 and market-based Scope 2 emissions.
